HARK-YE

HARK-YE

HARK-YE

My dear Noble:

The members of the 500 Club and those that are trying to make the grade.

Great is the rejoicing among the Nobility and high is the praise that is being bestowed upon our most Illustrious Potentate, Roy A. Faye, since the edict has gone forth making it possible for the families of the Nobility, to attend our Outing Wednesday August 5th.

Predictions have been made by those considered most wise in the Council of Aleppo, that the gathering at this Outing will be very large in numbers, with your Kiddies and my Kiddies.

And now Ye of the Faith Harken to this message.

There is yet time for you to search out from the hills a Neophyte for whom you profess a fondness of heart, and if he be the fortunate possessor of a sufficient number of "Shekels", then is his fortune indeed great.

He and his family will be able to sit with us on the shores of the great Lake of the "Pearl", in the land of Wrentham, and partake of our hospitality, and if perchance the Neophyte has been vociferous in proclaiming himself to be stout of heart and without fear, for any of the dangers so often encountered in crossing the Desert, but whom you know to be the possessor of Tender feet, this is the proper time for him to make the journey to the Great Temple of Aleppo. Safe conduct is guaranteed that there will be no Hot Sands to cross and No Work.

Now you of the Faithful, gather Ye applications and bring them hither, ere Ye Caravan starts Ye great journey, get busy as we need the Neophytes. We are ready to help those that have not the time, send us their names, now is the time.

Yours in the faith,

Chairman
500 Club
